The first Olympic Games took place in the 8th century B.C. in Olympia, Greece. The modern games were resurrected in 1896!

The BBC and Eurosport have the exclusive rights to broadcast the games in the UK. That's where you can catch the action!

In the Ancient Olympics, athletes used to compete naked! They saw it as a sign of strength. 'Gymnasium' means 'nudity'!

The torch relay was started in 1936 with the idea of carrying a flame from Olympia to Berlin. It has been tradition ever since!

These games were delayed by a year due to the COVID-19 pandemic. The only times they've ever been canceled were during World Wars I and II.

Every time there's a new games, new sports are added and some are removed. In this Olympics, 3x3 Basketball and new BMX sports have been added!

The five interlocking Olympic rings symbolise each of the five continents on Earth. Did you know that at least one of the Olympic colours appears in every national flag.
