

The
FRUIT
&
ROOT
Crew

Can you connect these fruits and veggies with the farm?

Connect the fruits and vegetable with its home.

Did you know...

Did you know that each kernel on a sweetcorn cob is actually a seed? The number of rows is almost always even too!

Botanically, tomatoes are fruits, but in 1893 the US Supreme Court legally classified them as vegetables for tax purposes!

Blackcurrants contain nearly four times more vitamin C than oranges, making them a powerful immune booster.

The Fruit & Root Crew are exploring seasonal fruit and veg with Morrisons!
